QuickSafe®
first aid station

——

One-stop access point
to first aid products

You will never need to search for the eyewash, plaster, bandage and other important first aid products when you need them the most. You can make it all available in a state-of-the-art QuickSafe® first aid station, which provides for a flexible solution with customised product content.

With the transparent lid you can immediately locate, and quickly and safely fetch the needed first aid.

QuickSafe®
EMPTY

YOU MAKE THE DECISIONS
If you want full freedom to organize your first aid according to your requirements, you can start with an empty station and fill it to suit your specific situation.

QuickSafe®
BASIC

A GOOD STARTING POINT
With a QuickSafe® Basic you get the most essential products and can choose the contents for the top shelves. It gives you full flexibility.

QuickSafe®
COMPLETE

THE COMPLETE SOLUTION
Eyewash including Plum pH Neutral and eyewash ampoules, pressure dressing, wound cleansing wipes, plasters and burn gel to soothe minor burns.

BUY AN EMPTY STATION AND FILL IT TO MEET YOUR NEEDS
If you have requirements that we do not meet with the 4 different QuickSafe® solutions presented on the following page, you can get a 100% customized solution. Start with a wall station and fill it with eye-wash bottles and other first aid products.

DO YOU HAVE SPECIAL REQUIRE-MENTS REGARDING YOUR FIRST AID STATION?
The backbone of the entire QuickSafe® series is Plum's acclaimed eyewash. With QuickSafe® Basic you will get it in a combination with Plum pH Neutral, eyewash ampoules and plasters. The rest is up to you. Organize the shelf in the station to suit your company's requirements.

GET THE MOST IMPORTANT ITEMS IN THE RIGHT PLACE

Spæncom A/S is a leading supplier of concrete elements. The company has chosen Plum Quicksafe® in order to increase safety for their more than 500 employees. "We have chosen Plum Quicksafe®, because the station can be organized to suit the individual work area. In the areas where concrete elements are acid-washed, we can, for exaple, place Plum Eyewash and Plum pH Neutral DUO close to the work situation. QuickSafe® contains the most necessary items, it can be placed so that first aid is close at hand, and it is very practical with the transparent cover."
Jany Johannsen,
Environment and Safety Coordinator

CUSTOMIZED FIRST AID STATIONS

Fill your first aid station according to your needs. Eyewash for rinsing foreign bodies from the eye. Plum pH Neutral for accidents with acids or alkali. Plasters that are suitable for your work situation. Burn gel that soothes minor burns. Eyewash ampoules for minor accidents and irritated eyes. Wipes for cleansing wounds. Compress dressings for more serious accidents.

All of it behind a transparent cover that will give you a perfect overview of what you need.
