Personalisation:
During the certification according to EN ISO 20471 a sample in the smallest available size is being tested. These test
results are decisive. In case the areas exceed the minimum requirements, the excess areas can be used for additional customer logos without having any impact on the certification. The areas which can be used for
customer logos on this article are:
Background material of the inner jacket/vest: 0,01m² in the front (for example up to 10cm x 10cm) and 0,03m² in the back
