Product Description

Elevate your washroom experience with trusted and familiar Scott® Control™ washroom solutions, designed to support compliance control in the workplace. Scott® Control™ extra strong rolled paper towels are designed for environments where workplace hygiene and washroom hygiene is a priority. Our strongest rolled paper towels are engineered for reliable and efficient hand drying in the toughest environments, extending your high production standards into your washroom. The advanced Airflex™ Technology embedded in every disposable hand towel is designed to improve absorbency which leads to more effective and efficient hand drying. These extra strong paper hand towels are trusted by the top 3 German car manufacturers and the Scott® embossed branding of the hand towels increases user preference and satisfaction. These Scott® Control™ paper hand towels help support high hygiene standards in the workplace. The gentle hand towel rolls are designed to be kind to the skin, offering added softness for repeated hand drying which in turn helps to increase staff hand hygiene compliance. The Kimberly-Clark™ hand towels are compatible with the one-wipe-clean Aquarius™ rolled hand towel dispenser in white (code 7375) or black (code 7376), our most hygienic dispenser available. This dispenser is fully enclosed which ensures users will only ever touch the hand towel they are using when drying hands, and our touch free dispensers reduce the risk of cross contamination to further support hygiene standards. Efficiency is not compromised with Scott® Control™ white paper towel roll. The innovative never-run-out replacement roll feature in the compatible Kimberly-Clark™ hand towels dispensers allows you to place a replacement roll in the system before the original roll has finished, ensuring a smooth transition between rolls to minimise waste and ensure there are no gaps in your user's ability to maintain hygiene standards. These hand towel rolls feature compression technology for increased sustainability through reduced storage and transportation. The strong paper towels are European Ecolabel certified for environmental assurance and are also food contact certified. 6 rolls x 300m, 1 ply, white (1800m/7,200 sheets total)

## International Standards and Symbols

### Solution

#### Healthier Workplace

The HEALTHY WORKPLACE PROJECT\* is a comprehensive office hygiene programme which helps engage employees and reduce sickness.

### Standard R+E

#### Food Contact Regulations

This product is suitable for food contact and complies with Regulation (EC) No. 1935/2004. Furthermore, nitrile rubber gloves comply with Regulation (EC) No. 10/2011 and German Recommendation, BfR No. XXI, and paper products comply with German Recommendation, BfR No. XXXVI.

#### AIRFLEX\* Technology

AIRFLEX\*

#### Compression

KIMBERLY-CLARK PROFESSIONAL\* is using new air compression technology to fit up to 18% more paper hand towels into each case, resulting in a range of commercial and environmental benefits. The technology is being applied across a range of KLEENEX and SCOTT Hand Towels manufactured using AIRFLEX\* Fabric. Compressed AIRFLEX\* Fabric towels will continue to offer superior absorbency and strength and outstanding levels of hygiene and comfort. Along with the following additional benefits: Environmental, it means more towels per truck so fewer trucks on the road. Packaging waste is also reduced. End-users will now need to use less warehouse storage space for the same amount of hand towels, while more towels in each sleeve will mean fewer refills are required.

### Trade

#### FSC: F1=FSCMix70%,F2=FSCRecycled,F3=FSC100%,F4=FSC Mix credit

Forest Stewardship Council - Products carrying the Forest Stewardship Council (FSC) label are independently certified, giving assurance they come from forests that are managed to meet the social, economic and ecological needs of present and future generations. This product is FSC Certified - giving you the assurance that it is made from or contains wood that comes from FSC certified forests.

#### ISO 14001

ISO 14001 is an international environmental standard. Designed to help organisations ensure that operations comply with environmental laws, and; major environmental risks and liabilities are properly identified, minimised and managed.

#### ISO 9001

This gives the requirements for quality management systems, is now firmly established as the globally implemented standard for providing assurance about the ability to satisfy quality requirements and to enhance customer satisfaction in supplier-customer relationships.

#### Regulation (EC) No 66/2010 of the European Parliament

The European Ecolabel scheme encourages businesses to market products and services that are kinder to the environment. Only products that meet strict environmental standards are entitled to use the Ecolabel accreditation.
