Product Description

No matter which surfaces they come into contact with throughout their day, give your employees and visitors greater peace of mind by providing proven cleaning and disinfecting workplace hygiene solutions to help break the chain of germ transmission. The WypAll® L40 wipers range has been designed to provide customers with the perfect combination of value and versatility for everyday wiping tasks. These industrial white cloths use double re-creped (DRC) base sheet technology, which produces layered fabric that is strong, thick and highly absorbent. The single use cleaning wipes clean up fast without falling apart, whilst also using less and creating less waste, helping you get more for your spend whilst improving workplace hygiene. WypAll® L40 cloths can be used with detergent or disinfectant. These dry cleaning wipes have been tested as compatible for use in spray and wipe application with peracetic acid, hydrogen peroxide, bleach (sodium hypochlorite) and quats (quaternary ammonium compounds). Spray and wiping compatibility helps to ensure workers can wipe their own work spaces, vehicles, desks, seating and food prep areas before and after use. When the WypAll® L40 cloths are used for spray and wipe it also helps to enable production workers to clean down/sanitise individual workstations before hand-off to next shift. For environments where fully saturated wiping is a requirement, these WypAll® white cloths are tested as compatible with soap/detergent. Always follow manufacturers' instructions for dilution, application and contact time. WypAll® L40 extra absorbent towels are packaged in a splash-proof, water-repellent polybag, providing immediate access to hygienically protected cleaning wipes when you're cleaning or wiping on the move. No wonder the WypAll® L40 range is the wiper of choice for industry professionals who demand the very highest standards of hygiene and cleanliness. The quarter fold white cloths are also compatible with WypAll® wipers dispenser (product code 7969). Each individual wiping paper sheet measures 30.4cm (L) x 31.7cm (W). For different pack and product size options, see our other WypAll® products in the range: 7331, 7425, 7426, 7452, 7454, 7461 and 7462. 18 Packs x 56 Quarter Fold White Cloths (1,008 Paper Wipers Total)
