	Sheet	42.60	x	21.20			Length x Width(cm)	

### Product Description

No matter which surfaces they come into contact with throughout their day, give your employees and visitors greater peace of mind by providing proven cleaning and disinfecting workplace hygiene solutions to help break the chain of germ transmission. The WypAll® X60 wipes range are extended use cleaning cloths designed to be lightweight, durable and capable of tackling a variety of cleaning, disinfecting and general wiping tasks. These non-woven wipes are light duty versatile wiping cloths suited to contract cleaning, production and industrial environments and are ideal for cleaning light oil and grime. The 'pop-up' single sheet dispensing format of this box of wipes helps to ensure controlled usage and helps to minimise grime/dirt touching the wipers. These cleaning cloths have been tested as compatible for use in a spray and wipe application with peracetic acid, hydrogen peroxide, bleach (sodium hypochlorite) and quats (quaternary ammonium compounds). For fully saturated applications these cleaning wipes have been tested as compatible with soap/detergent, bleach (sodium hypochlorite), hydrogen peroxide, peracetic acid, methyl ethyl ketone, isopropanol and acetone. Always follow manufacturers instructions for dilution, application and contact time. Because bleach tends to destabilise, compatibility testing period was limited to 24 hours to reflect the usage instructions recommend by the bleach manufacturer. Advanced Hydroknight™ technology ensures these extended use cleaning cloths are lightweight yet absorbent, helping to reduce residue and allows versatile cleaning across a variety of tasks. Perfect for use as industrial wipers, the cleaning cloth is ideal for removing light oil, adhesives and debris and equally suitable for cleaning glass and gloss surfaces. The box of wipes is portable and ideal for smaller work spaces. Individual sheet size 42.6cm (L) x 21.2cm (W). 10 POP-UP™ Boxes x 126 white, 1 ply cloths (1,260 total)

### Product Features

- Each pop-up box of wipes contains 126 white, 1 ply cleaning cloths suitable for cleaning, disinfecting and general workplace hygiene tasks
- The extended use wipers are ideal for cleaning light oil and grime
- Clean, reliably consistent wiping cloths
- Advanced Hydroknight™ Technology ensures these cleaning wipes are fast absorbing and strong
- Supplied in a pop-up box system with single sheet dispensing designed to improve hygiene by minimising grime/dirt touching the cleaning wipes
- Portable and ideal for small work spaces
- These WypAll® X60 wipes are designed for contract cleaning and production environments as well as for use as industrial wipers
- WypAll® cleaning wipes are designed to help you improve productivity and efficiency whilst reducing waste
- Rectangular sheets with raw edges made of chemically untreated and unmodified cellulose fibers and polypropylene
