	Sheet	31.80	x	20.00			Length x Width(cm)	

Product Description

Elevate your washroom experience with trusted and familiar Scott® Control™ washroom solutions, designed to support washroom hygiene compliance control in the workplace. Where consistent hand hygiene and efficiency are priorities, choose Scott® Control™ blue interfold hand towels to minimise risk and help support contamination control. Scott® Control™ blue paper towels are detectable for hand drying in contamination critical environments. Unique Airflex™ Technology in these disposable hand towels results in superior absorbency, making drying hands an efficient and effective process and reducing the risk of cross contamination. Interfold paper towels, or V fold hand towels as they are also known, are designed to dispense one paper hand towel at a time. This single sheet dispensing method is designed to improve hand hygiene by minimising the risk of contamination when hand drying as the user only touches the sheet they're using. Dispensing one paper towel at a time is also designed to improve cost in use as the user only takes the hand towels they need when drying hands. Our touch free dispensers reduce the risk of cross contamination. These hand towels feature compression technology for increased sustainability through reduced storage and transportation. Compatible with a variety of Kimberly-Clark paper towel dispenser options: Aquarius™ dispensers in white or black (product codes 6945 and 7171), a high capacity dispenser (code 9962) and a high image stainless steel dispenser (code 8971). FSC and European Ecolabel certified for environmental assurance. Food contact certified. One clip of Scott® Control™ blue interfold hand towels contains 240 V fold blue paper towels. Each 1 ply paper towel measures 31.5cm x 20cm. 15 x 240 blue, 1 ply sheets (3,600 total)

Product Features

- One clip of 1 ply blue interfold hand towels contains 240 V fold blue paper towels
- Paper towels are FSC and European Ecolabel certified for hand hygiene with environmental assurance. Food contact certified
- Scott® Control™ blue folded hand towels are detectable for hand drying in contamination critical environments
- Compatible with a variety of Kimberly-Clark™ paper towel dispensers

Healthy Workplace Project

EMPLOYEE : * Health and Wellbeing of the individual * Improved hygiene facilities * Improved awareness of benefits of good hygiene * Being cared for by their employer * Reduction of illness at work and home
 EMPLOYER : * THE HEALTHY WORKPLACE PROJECT*, creating a healthier and more engaged workforce * Reduced sickness helps lower absenteeism * Engaged employees are more likely to "go the extra mile"

Standard R+E

Food Contact Regulations

This product is suitable for food contact and complies with Regulation (EC) No. 1935/2004. Furthermore, nitrile rubber gloves comply with Regulation (EC) No. 10/2011 and German Recommendation, BfR No. XXI, and paper products comply with German Recommendation, BfR No. XXXVI.

AIRFLEX* Technology

AIRFLEX*

Compression

KIMBERLY-CLARK PROFESSIONAL* is using new air compression technology to fit up to 18% more paper hand towels into each case, resulting in a range of commercial and environmental benefits. The technology is being applied across a range of KLEENEX and SCOTT Hand Towels manufactured using AIRFLEX* Fabric. Compressed AIRFLEX* Fabric towels will continue to offer superior absorbency and strength and outstanding levels of hygiene and comfort. Along with the following additional benefits: Environmental, it means more towels per truck so fewer trucks on the road. Packaging waste is also reduced. End-users will now need to use less warehouse storage space for the same amount of hand towels, while more towels in each sleeve will mean fewer refills are required.

Trade

Regulation (EC) No 66/2010 of the European Parliament

The European Ecolabel scheme encourages businesses to market products and services that are kinder to the environment. Only products that meet strict environmental standards are entitled to use the Ecolabel accreditation.

FSC: F1=FSC Mix 70%, F2=FSC Recycled, F3=FSC 100%, F4=FSC Mix credit

Forest Stewardship Council - Products carrying the Forest Stewardship Council (FSC) label are independently certified, giving assurance they come from forests that are managed to meet the social, economic and ecological needs of present and future generations. This product is FSC Certified - giving you the assurance that it is made from or contains wood that comes from FSC certified forests.

ISO 14001

ISO 14001 is an international environmental standard. Designed to help organisations ensure that operations comply with environmental laws, and; major environmental risks and liabilities are properly identified, minimised and managed.
