	Roll	19.80	x 15.00	Height x Diameter(cm)	1.00
	Sheet	190.00	x 19.80	Length (m) x Width(cm)	

Product Description

Elevate your washroom experience with trusted and familiar Scott® Essential™ washroom solutions, designed to help you support hygiene standards in high frequency environments without compromising on quality and value. Scott® Essential™ Slimroll™ paper towels are designed for reliable hand hygiene in washroom environments that have limited space and are the most efficient Slimroll™ hand towels for reliable everyday hand drying. These compact paper towels have best in class efficiency vs. competitor systems designed to service a smaller washroom footprint. Our unique Airflex™ Technology results in faster absorbency for more hygienic hand drying, whilst also using less and creating less waste, helping you get more for your spend. The Kimberly-Clark™ Slimroll™ is proudly stamp embossed with the Scott® brand for customer assurance to encourage washroom hygiene. Food contact and European Ecolabel certified, Scott® Essential™ Slimroll™ rolled hand towels offer reliable performance and, thanks to our bio-based core plug, are plastic free, 100% recyclable and fully acceptable in paper recycling stream. Our new plug core will remove 30.5 tons of plastic waste annually from the environment. Scott® Essential™ Slimroll™ paper hand towel rolls are compatible with the one-wipe-clean Aquarius™ rolled hand towels dispenser in white (code 7955) or black (code 7956), a more compact and the most hygienic paper towel dispenser available. This dispenser is fully enclosed which ensures users will only ever touch the hand towel they are using when drying hands, and our touch free dispensers reduce the risk of cross contamination to further support hygiene standards. Efficiency is not compromised with Scott® Control™ Slimroll™ white paper towel roll. The innovative never-run-out replacement roll feature in the compatible Kimberly-Clark™ hand towels dispensers allows you to place a replacement roll in the system before the original roll has finished, ensuring a smooth transition between rolls to minimise waste and ensure there are no gaps in your user's ability to maintain hygiene standards. The never-run-out 'stub roll' feature that increases the capacity of this system by 5%. These hand towel rolls feature compression technology for increased sustainability through reduced storage and transportation. 6 x 190m = 4,560 sheets, white, 1 ply Slimroll™ rolled hand towels (1,140m total)

Product Data Sheet for Scott® Essential™ Slimroll™ Hand Towels - Roll / White - 6695

International Standards and Symbols

Solution

Healthier Workplace

The HEALTHY WORKPLACE PROJECT* is a comprehensive office hygiene programme which helps engage employees and reduce sickness.

Standard R+E

Food Contact Regulations

This product is suitable for food contact and complies with Regulation (EC) No. 1935/2004. Furthermore, nitrile rubber gloves comply with Regulation (EC) No. 10/2011 and German Recommendation, BfR No. XXI, and paper products comply with German Recommendation, BfR No. XXXVI.

AIRFLEX* Technology

AIRFLEX*

Compression

KIMBERLY-CLARK PROFESSIONAL* is using new air compression technology to fit up to 18% more paper hand towels into each case, resulting in a range of commercial and environmental benefits. The technology is being applied across a range of KLEENEX and SCOTT Hand Towels manufactured using AIRFLEX* Fabric. Compressed AIRFLEX* Fabric towels will continue to offer superior absorbency and strength and outstanding levels of hygiene and comfort. Along with the following additional benefits: Environmental, it means more towels per truck so fewer trucks on the road. Packaging waste is also reduced. End-users will now need to use less warehouse storage space for the same amount of hand towels, while more towels in each sleeve will mean fewer refills are required.

Trade

FSC: F1=FSCMix70%,F2=FSCRecycled,F3=FSC100%,F4=FSC Mix credit

Forest Stewardship Council - Products carrying the Forest Stewardship Council (FSC) label are independently certified, giving assurance they come from forests that are managed to meet the social, economic and ecological needs of present and future generations.
