	Roll	42.00	x 32.30	Height x Diameter(cm)	6.28
	Sheet	38.00	x 42.00	Length x Width(cm)	

Product Description

No matter which surfaces they come into contact with throughout their day, give your employees and visitors greater peace of mind by providing proven cleaning and disinfecting workplace hygiene solutions to help break the chain of germ transmission. Leading the way in absorbency, our goal is to support you in improving productivity and efficiency whilst reducing waste by delivering clean, reliably consistent and reusable cleaning cloths. The WypAll® X60 range has been specially designed to tackle a variety of light-duty wiping tasks, especially where absorbency is key. Advanced Hydroknit™ technology ensures these extended use cleaning cloths are lightweight yet absorbent, helping to reduce residue and allowing versatile cleaning across a variety of tasks. Perfect for use as industrial wipers, the absorbent cleaning cloth is ideal for removing light oil, adhesives and debris and equally suitable for cleaning glass and gloss surfaces. WypAll® X60 multi-task cleaning cloths can be used with detergent or disinfectant. These reusable cleaning cloths have been tested as compatible for use in spray and wipe application with peracetic acid, hydrogen peroxide, bleach (sodium hypochlorite) and quats (quaternary ammonium compounds). Spray and wiping compatibility helps to ensure workers can wipe their own work spaces, vehicles, desks, seating and food prep areas before and after use. When the WypAll® X60 multi-task cloths are used for spray and wipe it also helps to enable production workers to clean down/sanitise individual workstations before hand-off to next shift. For environments where fully saturated wiping is a requirement, these WypAll® cleaning cloths are tested as compatible with soap/detergent, hydrogen peroxide, peracetic acid, methyl ethyl ketone, isopropanol, acetone and bleach (sodium hypochlorite). Always follow manufacturers' instructions for dilution, application and contact time. These industrial cleaning cloths are delivered in a high capacity roll format and, when used with the mobile roll dispenser, provide easy access to the cleaning cloths just where you need it. This portable solution is well suited to larger manufacturing and industrial work areas, or anywhere requiring extensive wiping across multiple locations. The WypAll® X60 multi-task cleaning cloths are compatible with Kimberly-Clark Professional™ rolled hand towel dispensers (product codes 6146, 6154 and 6155). Individual sheet size measures 38cm (L) x 42cm (W). WypAll® X60 Multi-Task Cleaning Cloths 8349 - 1 Large Roll x 650 Reusable Absorbent Cloths

Product Data Sheet for WypAll® X60 General Clean - Large Roll / White - 8349
