	Roll	31.50 x 28.70	Height x Diameter(cm)	4.80
	Sheet	31.00 x 31.50	Length x Width(cm)	

Product Description

No matter which surfaces they come into contact with throughout their day, give your employees and visitors greater peace of mind by providing proven cleaning and disinfecting workplace hygiene solutions to help break the chain of germ transmission. The WypAll® X80 range has been specially designed for heavy-duty, rough surface wiping, where strength and bulk are key requirements. Leading in strength, our goal is to support you in improving productivity and efficiency whilst reducing waste by delivering clean, reliably consistent and reusable cleaning cloths. WypAll® X80 white cleaning cloths do not tear and maintain consistency in quality and size. 70% of users were impressed by the durability of the heavy duty cleaning cloth, leading them to be preferred over rags by 3 times more users. Advanced Hydroknit™ technology ensures each 1 ply cleaning cloth is strong, durable and highly absorbent without tearing, perfect for use in industrial cleaning and manufacturing. WypAll® X80 reusable cleaning cloths can be used with detergent or disinfectant. These industrial wipers have been tested as compatible for use in spray and wipe application with peracetic acid, hydrogen peroxide, bleach (sodium hypochlorite) and quats (quaternary ammonium compounds). Spray and wiping compatibility helps to ensure workers can wipe their own work spaces, vehicles, desks, seating and food prep areas before and after use. When the WypAll® X80 cleaning cloths are used for spray and wipe they also help to enable production workers to clean down/sanitise individual workstations before hand-off to next shift. For environments where fully saturated wiping is a requirement, these absorbent cloths are tested as compatible with soap/detergent, hydrogen peroxide, peracetic acid, methyl ethyl ketone, isopropanol, acetone and bleach (sodium hypochlorite). Always follow manufacturers' instructions for dilution, application and contact time. WypAll® X80 industrial cleaning cloths are supplied in a high capacity wiper roll format and, when used with a mobile wiper roll dispenser, provide the product just where you need it. These reusable cleaning cloths are certified for food contact and are compatible with a variety of Kimberly-Clark Professional™ wiper roll dispensers (product codes 6154, 6155 and 6146). Individual sheet size 31cm (L) x 31.5cm (W). 1 Large Wiper Roll x 475 White Absorbent Cloths

Product Data Sheet for WypAll® X80 PowerClean - Large Roll / White - 8377
